Hi Peggy – sorry. We've been swamped. I think that will work. I need to get a team together to work on this. I'll get back with you by tomorrow. Will that be ok? Thanks

Hi (b)(3) (b)(6)

I didn't hear back from you so perhaps my emails are not getting through to you again.

Argo's director would like to add a day to our scout in order to go through the locations creatively on August 4th and then go through them with our department heads telling them how the scenes will be filmed on August 5th.
Would this be alright with you?

If I dont receive an email from you today, I will call you.

Peggy
